Indians spent Rs 6.5 lakh crore on travel in 2018

Expenditure of Indian travellers grew at a compounded rate of 9.3% over the last three years and could grow up to \$136 billion

According to the above image you can find that an Indian is spending average 50,000 in a year as a travel expense. **DREVICA** is committed to save your 75% to 80% expense on travel and also giving you chance to earn healthy if you are sharing this opportunity with others.

What you all need to do is just to become partner with **DREVICA**. When we are saying to be partner it means you are getting a business along with this partnership because partnership can happen in business not in a job.. Right...? And we believe that do business there are 2 basic requirements one is to be involved and other is to do some investment in to the business.

As per first requirement you need to be involved and you need to give some time as per your convenience to learn this business, only after that you should start to refer this opportunity to your friends and family members. It depends on you how much you want to earn from this unlimited earning opportunity. You can earn as much as you give time to this business.

If we talk about the investment it is not actually an investment. It is a small spent on our product which gives you one of your dream holiday and you can experience our unique services.

On every referral and spent on purchasing product of our company you will get Travel Point (TP) and this TP can be converted in to the cash and can be use to buy **DREVICA'S** amazing products like your dream holidays and much more.
